DETAILED ACTION

Priority

1. It appears that a claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on an application filed in Germany on 10/15/2001 and subsequent PCT/EP02/11545 on 10/15/2002 on said application, since the United States application was filed more than twelve months thereafter.
2. It is noted that applicant has not filed a certified copy of the German application as required by 35 U.S.C. 119(b).

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. § 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-9 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Regarding claim 1, the phrase "for example" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Allowable Subject Matter

5. None of the prior art of record appears to read on the invention as understood by the Examiner and the subject matter of the claims appears to be allowable if the objections can be overcome. However upon applicant's amendment to overcome the objections raised by the

Art Unit: 2856

Examiner and upon the Examiner's better understanding of the invention a comparison of the prior art to the claims will again be made.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Applicant is invited to review PTO form 892 accompanying this Office Action listing Prior Art relevant to the instant invention cited by the Examiner.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Fitzgerald whose telephone number is (571) 272-2843.
